

Product name: ENDORFY Studio Boom Arm
Product code: EY0A005

Convenient to use and sturdy, the ENDORFY Studio Boom Arm is the [ultimate](#) sidekick for your microphone.

Three powerful joints give you plenty of adjustability. Just do your thing, and the ENDORFY Studio Boom Arm will keep your microphone steady throughout the performance.

We designed the arm to be easy to mount, and you can even hide your ~~treasures~~ [cables](#) inside of it. Installation will take you less time than reading this description – All you have to do is mount the ENDORFY Studio Boom Arm onto your desk, connect the microphone, and you're ready to go!

Senior Mic Manager

The Studio Boom Arm is a professional. With its help, you'll get rid of the unsightly long cable dangling from your microphone and keep your desktop tidy (so you can buy even more cool gadgets for yourself).

All thanks to the [solid](#) construction of durable premium class metal. Not only does it look cool, it's also very convenient — making cable management easier.

Home studio

The Studio Boom Arm is a microphone mount that gives you complete control and instantly turns your ~~desk~~ [space](#) into a private recording studio. With just a few movements, you can quickly adjust the position of your mic. Each configuration gives you even more space for important things (and those restless hands of yours).

Our designers made sure that the Studio Boom Arm moves in all directions. It has a wide range (up to 90 cm) and three joints – so you can easily set the microphone to best suit your needs.

Quick and easy installation

The Studio Boom Arm's installation is intuitive and done in the blink of an eye. It's not rocket science – just clamp it onto your tabletop wherever suits you best.
